The ELL Reading Corner

Classroom collections for English Language Learners

"Access to books is one thing. But providing books that are accessible to the reader is even more important."

—Stephen Krashen
Professor Emeritus of Education at the University of Southern California

Accelerate each student's proficiency in English language and literacy skills through books

- Carefully-selected books provide essential opportunities for new learners of English to engage with accessible, content-rich English-language texts.
- Offer varying degrees of challenge for students at different stages of language acquisition and literacy development.
- Perfect for traditional classrooms using a push-out or pull-in ESL instructional model and for ESL-targeted classrooms.
- Build on students' background knowledge by providing culturally-appropriate reading materials.
- A **Teacher Handbook** supports teachers with valuable information as they reinforce the acquisition of vocabulary, background and content knowledge. Reproducible student activities support skills development.
- A **Teacher Reference Collection** provides vital information sources for both the teacher and students to clarify communication and further enhance language and literacy skills.

Each ELL Reading Corner Library contains

- 45 titles—15 at each proficiency level
 - Level 1: Pre-Production
 - Level 2: Early Production
 - Level 3: Speech Emergence
- Teacher Handbook
- Display box

Titles support key aspects of NCLB and represent the early levels of English-language proficiency.
